

CITY OF SAINT PAUL HUD SECTION 3 QUARTERLY REPORT

Agency Name: City of Saint Paul	State: Minnesota	Period: January – December, 2012
------------------------------------	---------------------	-------------------------------------

Section 3 is a part of the Housing and Urban Development Act of 1968 that promotes local economic development, neighborhood economic improvement, and self-sufficiency. This measure strives to increase our ability to direct economic opportunities in Saint Paul to low-income individuals and the businesses that employ them—a group that has historically been underrepresented in the marketplace. HREEO is responsible for capacity building to help ensure that residents and workers in Saint Paul have opportunities to develop their skills and enter the workforce successfully, enabling self-sufficiency.

The goal of Section 3 is to create visibility and economic opportunities for Section 3 certified businesses and residents. These efforts enhance the City's ability to achieve numerical goals placed on construction projects funded with CDBG, NSP, HOME, and other HUD dollars.
